LB 605, 717

SENATOR KELLY: I so move if that is what we want.

SENATOR CLARK: It has been moved we leave the bill set where it is. It is the prerogative of the Chair to either take the amendment or not take the...but I will certainly take the motion to leave it right where it is at the present time. Senator Beutler has a little question. If there is no objection we will leave the bill right where it is and we will continue with Final Reading. Hearing no objection, so ordered.

SENATOR DE CAMP: Mr. President, I'm not trying to take a lot of time. The bill is dead with this amendment on. I think that has been indicated by the body. I think we ought to advance the bill and kill it and get it out of the way and I think Senator Haberman at this point would agree.

SENATOR CLARK: Do you want to object?

SENATOR DE CAMP: Yes, but just in the interest of saving time rather than have to just come up and come up. I think it is over. I think it is pretty clear here what is going on.

SENATOR CLARK: Senator Kelly, do you want to renew your motion?

SENATOR KELLY: Mr. Speaker, let's move 605 down to the bottom of Final Reading and go on our way.

SENATOR CLARK: Do you have an objection to that?

SENATOR DE CAMP: Where is it now? It is on Select File.

SENATOR CLARK: It is on Select File.

SENATOR DE CAMP: All I am saying is advance it.

SENATOR CLARK: Do you want to take it up after Final Reading?

SENATOR DE CAMP: It will take one second to advance it and I think give it the death now. It is done. I don't think anybody would contest that. I think Senator Haberman recognizes that.

SENATOR CLARK: The Chair will continue with Final Reading and leave the bill right where it is. Read 717.

CLERK: (Read LB 717 on Final Reading.)
